INTERNSHIP PROJECTS

SSR Courier :-

I enhanced SSR Courier, a courier management software, by optimizing code, integrating a GST reporting module, improving the ledger module, and adding order tracking and download features.

Absolute Fit :-

I customized a Gym Management project, focusing on the Follow-Up module as its central component. Additionally, I implemented dynamic salary structures to enhance operational flexibility and efficiency.

Hawkeye :-

Within Hawkeye, I customized the Trip Module, enabling the distinction between billed and unbilled trips. This streamlined real-time tracking and improved efficiency in managing dispatched items.

SS Container

SS Container is a portfolio showcasing a company specializing in offering portable container solutions.

PERSONAL PROJECTS

vnike

Embarking on my maiden startup journey, rooted in the realm of social media.

Musicverse

Musicverse is my college project, a music-centric platform allowing users to share, save, and engage with music posts and more.

Bookaro

Bookaro, another college project of mine, facilitates the posting of old books for sale, connecting users in need with those offering books.
